### **Hardy Fire Update**

Flagstaff, AZ – The Arizona Incident Management Team and Flagstaff Fire Department reports the Hardy Fire is 80 percent contained. Full containment is expected by this weekend or sooner. No spot fires have been reported in the last forty-eight hours.

Type II Incident Management Team will turn over incident management to Flagstaff Fire Department in the morning on Wednesday, 6/23/2010. Fire mop up and patrols will continue over the next seven days.

Arizona Incident Management Team is reporting a firefighter injury. The injury was a twisted ankle. The firefighter has been treated and released.

The Hardy Fire area continues to be restricted to residents only.

The Hardy Fire started at approximately 1:00 p.m. on Saturday afternoon and is located southwest of Herold Ranch Road and Little America. The fire is currently 282 acres.
